Nash College

Admissions Process

Registration of interest form sent to Nash College Transition Team and logged on our database.

College informs applicant's local authority and social worker (if known) that an application has been received.

College Transition Team contacts families 18 months prior to requested start date to confirm if still interested.

College provides Borough and schools with list of interested people.

Student/parent/carers need to make their preferred choice of next setting known at school reviews. If Borough is not present, the school will inform them.

Borough looks at options with due regard to student/parent/carers choice. They may consult with more than one setting.

Boroughs consult with Colleges/services starting from Autumn term the year before proposed start date.

College inform borough if we can meet the needs according to the EHCP /school reports and give costs.

Borough take to panel and give agreement /refusal by the 31st of March of the starting year. College will then proceed if a suitable place is available.

If placement cannot be offered, the college will give an explanation as to why.

Appeal procedure in place.

Education team member visits the applicant at school if practicable.

Continued overleaf.
